MANNA THREE SIXTY

Nutritional Shake - Supreme Chocolate

NUTRITIONAL SHAKE

World's First Super Shake - In Chocolate

Our ever popular Manna 360 "Super Shake" has added a NEW DELICIOUS FLAVOR: Supreme Chocolate! Still providing "all the good and none of the bad," this Life Sustaining Food and Weight Management Shake continues to be a favorite for the entire household. And now it comes in CHOCOLATE!

Whether it's weight control, cutting out the junk, supplementing vital nutrients, or just enjoying the great taste of our healthy shake as a dessert, this shake is so well-received that about 95% of those who commit to being on it for thirty days say that they want to take it the rest of their lives. This includes folks who report losing anywhere from modest to massive amounts of weight when they have wanted to as well as those who have used it to maintain an ideal weight. Sound incredible? It is!

And now, the pure cacao source for our Supreme Chocolate Manna shake adds even more vital antioxidants and other important nutrients to the bounty of good things found in every Manna Super Shake. Regardless of your relationship with your bathroom scale, you can look forward to finding your overall energy levels, your health, and your sense of well-being are vastly improved. You may even find that

you've never felt better (or younger) on anything else you've ever tried. It takes less than a minute to prepare, so it's easy to use, easy to love, and easy to share. And it's CHOCOLATE!

In addition to cacao, Manna 360's other 77 world class, all natural, no compromise, nothing artificial, life sustaining ingredients come together to make one incredibly powerful meal replacement shake where you get virtually EVERYTHING you need FOR THE ENTIRE DAY in a single serving. It's like a shopping cart full of whole foods in a glass!

Compare our ingredients to any "shake" offered anywhere by anyone. Look for what Manna 360 delivers in terms of quality, quantity, and overall completeness. Then look for all those questionable or downright scary ingredients Manna 360 DOESN'T have. And you'll agree - there's simply nothing else that truly compares.

And now, you can have it in CHOCOLATE!

OMEGA DELIGHTS™

Supports Heart & Brain Health

TRUFFLES

Essential Nutrition

Omega-3s are required by your body for every membrane of every cell you have. Further, the Harvard School of Public Health believes that Omega-3s are absolutely essential to help support good health.

Did you know that 90% of the population (and possibly you included) are said to be lacking in these Essential Fatty Acids (EFAs)? But now you can take care of this major deficiency by daily indulging in an incredibly delicious Omega Delights Truffle.

PREMIER POTENCY

While some Omega-3s can be obtained from the natural oils of certain plants, the richest and most complete broad spectrum EFAs are derived from marine sources.

Careful research has revealed that there are marine sources better than others, and there are marine environments better suited and safer for the overall end product quality.

Our Extra Virgin - Full Spectrum Omega-3 oils are wild harvested from pristine depths extending from the Arctic Ocean to the rugged coasts of Norway. These incredibly cold and pure waters yield the finest and freshest Omega-3s on Earth.

PRISTINE PURITY

Just as vital to obtaining a superior product is proper processing. Wrong methods, substandard temperatures, and improper handling and preserving can yield products that have odor and taste issues, sure signs of possible contamination or rancidity. The careful application of our patented process provides the finest and purest quality in the cleanest environment that is completely taste and odor neutral, preserving the full potency of the Omegas your body so desperately needs.

THE POWER OF ZORBMAX®

Besides the purity and potency of the all natural ingredients, what really sets 360 Chocolates apart is an astounding discovery of a revolutionary technology called "ZorbMax."

ZorbMax is a patent-pending proprietary electrolyte blend of selected trace minerals that have been uniquely electromagnetically charged. Through our exclusive ZorbMax infusion process, 360 Omega Delights provide positive benefits that maximize the effects of the introduction of the Omega-3 EFAs into your body in ways never before achieved.

NO ORDINARY TRUFFLE

Finally, we conceal all of that healthy goodness inside a rich, dark covering of scintillating handmade Italian chocolate to create an incomparably nutritious and savory escape, blissfully taking you away into the moment. This is Omega Delights. Indulge... to your health's content.

Three decadent flavors await you
Almond, Citrus, and Hazelnut

EXOTIC CAMU

Immune Boosting Super Antioxidant

MINI BARS

70% Organic Dark Chocolate

Now one of the most remarkably healthy treasures of the Brazilian Rainforests along the Amazon River is as available as your next taste of chocolate – when you bite into a scintillatingly satisfying 360 Chocolates Exotic Camu Mini Bar.

Along with all the health-enhancing benefits you expect of naturally sugar-free, delightfully delectable, 70% pure, rich, dark, melt-in-your-mouth cacao, you can now enjoy the richest, most powerful source of immune-boosting Vitamin C and anti-oxidants ever to be discovered.

THE POWER OF CAMU CAMU

According to the Linus Pauling Institute of Preventative Medicine, gram for gram, the fruit of the camu camu provides more immune-strengthening, post-stress restoring Vitamin C in its naturally balanced form than any other food known to man - from 30 to 60 times more than in fresh oranges! But that's only the beginning! This stunning "superfruit" also comes with some fifty other ultra-healthy, natural chemical compounds that positively affect over 300 of your body's actions.

And there's more! In an exclusive, patented, industry-first process, we are able to capture and preserve all the potency and natural nutrition of the whole camu camu fruit without the use of damaging heat or questionable chemicals. In fact, Brunswick Laboratories has awarded the whole camu camu form we use a staggering total ORAC_{FN} (anti-oxidant) Score of 51,567*, over five times higher than blueberries, the previous record holder! Then we wrap all that healthy goodness in our sensuously delicious dark chocolate for an amazing taste and health treat.

*Total ORAC_{FN} 51,567 μmole TE/gram.

THE POWER OF ZORBMAX®

Our Exotic Camu Mini Bars, like all our 360 Chocolates, infuse that wonderful chocolate and doctor-designed healthy deliciousness with ZorbMax, our proprietary blend of electro-magnetically charged trace minerals. When ingested, these health-essential electrolytes impart their energy to your bloodstream,

restoring the electrical charge on the surface of each of your blood cells in just minutes. This re-inflates and separates the cells, allowing them to transport much more nutrition and oxygen to every part of your body while dramatically increasing the efficiency at which they remove toxins and wastes.

So, while our 360 Chocolates deliver superior taste, our ZorbMax infusion process delivers the superior healthy benefits of our specialty chocolates like nobody else can.

Try 360 Chocolates Exotic Camu today and "C" how truly good and good for you a Mini Bar can be!

360 Mist ZorbMax®

Support Nutrient Absorption

A Nutritional Breakthrough for Your Cells

Every major system in your body depends on the work of healthy cells. If your cells are not healthy, they can't protect your body from toxins, and the work your cells are designed to do will suffer.

To be at your best, your cells have to be healthy. It's that simple.

At the microscopic level of human cells, 360 Mist (ZorbMax) enhances nutrient absorption and supports healthy cell performance – a nutritional breakthrough for your cells.

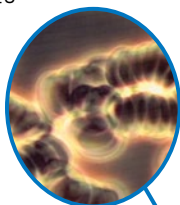

360 Mist features proprietary ZorbMax technology. This nutritional breakthrough delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The nano-sized electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

When you use ZorbMax, you will feel more energy and an ability to focus like never before. Take a few sprays today and see just how good you can feel!

REJUVENATE THE HEALTH OF YOUR CELLS

One of the most important features of a healthy red blood cell is its ability to maintain maximum hydration, or what is also referred to as osmotic pressure. Under a microscope, this essential characteristic is similar to a fully inflated basketball – the cell becomes round and tight. Electromagnetically charging the cells enhances their osmotic pressure, thus inducing rapid cellular hydration and the ability to carry oxygen, vitamins, and minerals into the cells.

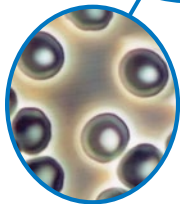

You may hear terms like “osmotic pressure” and “electromagnetic charge” and think that cellular health is too complex for the average person to comprehend. It's not! Simply take a look at the results of this simple blood test, which shows red blood cells before and after using the 100% ZorbMax formula of 360 Mist. These photos are truly worth a thousand scientific terms!

1. BEFORE: These are the red blood cells of a 19-year-old man under a high-intensity microscope. When the cells cluster this way, it shows a lack of hydration, oxygenation, and lubrication. These cells suffer the inability to absorb essential vital nutrients required for optimum cellular function and vitality.

2. 360 MIST: The young man sprays two servings of 360 Mist.

3. AFTER: Two minutes later, under the same microscope, this young man's red blood cells are in a much healthier state, instantly hydrated, and ready for maximum absorption of essential vital nutrients.

LiveSmart 360's ZorbMax is a patent-pending proprietary blend of 11 essential electro-magnetically charged trace elements.

360 Antioxidants

A Nutritional Breakthrough You Need To Know About!

Reduce Free Radicals to Look and Feel Younger

Free radicals are atoms, or groups of atoms, with an odd (unpaired) number of electrons that can be formed when oxygen interacts with certain molecules in the body. Once formed, these highly reactive species can start a chain reaction – a domino-like effect – creating more and more free radicals.

The effect of these free radicals on DNA and cell membranes can include impeded cell function and even cell death.

Every day your cells are exposed to a variety of stresses and environmental pollutants that threaten the health and performance of your cells. Here are a few examples:

- Dietary stress caused by improper eating, fast food, and a diet high in saturated fats, sugars, or alcohol.
- Exhaust fumes, smog, smoking, drugs, or medications.
- Chemicals out-gassing from carpets, clothing, cosmetics, foods, and home cleaning products.
- Toxins in the office, home, and work.
- Emotional stress, overwork, over-exercise, and/or lack of sleep.

Fortunately, the body has a defense against free radical damage – antioxidants. Antioxidants are molecules that can safely interact with free radicals and terminate the chain reaction before vital molecules are damaged.

360 Antioxidants is a nutrient-rich dietary supplement that supports healthy cells and a stronger immune system. A unique combination of ten of the most powerful antioxidants known to man, plus our proprietary bioflavonoid and antioxidant blend with quercetin, citrus bioflavonoids, bromelain, gotu kola extract hesperidin, and rutin. These ingredients can help to reduce the effects of free radicals, promote energy, and enhance the body's immune system. 360 Antioxidants also include the most effective form of grapeseed extract with 95 percent oligomeric procyanidins (OPC). (grapeseed extract has been shown to be several times more potent than Vitamins E and C as a free-radical scavenger.)

360 ANTIOXIDANTS HAVE THESE SPECIAL BENEFITS:

- Reduce free radical damage to your body's cells.
- Protect your cells from premature aging.
- Increase your energy and support your immune system.

360 PSP+

Feeding the Body at a Cellular Level

All-natural Therapy for Overall Health

Without adequate supplementation, the normal functioning of cells becomes impaired, resulting in poor health. Pollution, oxidation, contamination, refined foods, stress, and dozens of other health hazards assault the body's trillions of cells. Many of the "symptoms" of disease are in fact the body crying out for nutritional support, because cellular health is based on nutrient synergy and the optimal daily intake and assimilation of vitamins and other essential nutrients. 360 PSP+ is a synergy of all-natural native strains of rice processed into a complex formulation of carbohydrates, crude protein, and essential vitamins and minerals small enough to be 100% assimilated at the cellular level.

Cultivated in organic soil enriched with spirulina, PSP+ combines PolySaccharidePeptides, essential minerals, amino acids, and Vitamin B complex. This potent mix boosts glucose uptake at the cellular level, which enhances the function of the circulatory and immune systems, triggering the body's natural powers to regenerate and heal.

360 PSP+ gives you a supportive, 100-percent natural therapy that contains no added sugar, chemicals, fillers, binders, artificial colors, artificial flavors, additives, or preservatives, and has no known side effects.

If you are searching for an extraordinary and innovative product that promotes overall health, 360 PSP+ is your answer!

BENEFITS OF 360 PSP+

- Promotes mental energy
- Supports neurological function
- Promotes cellular repair
- Supports digestive function
- Supports metabolism
- Promotes nucleotide production
- Maintains healthy blood sugar
- Promotes cellular glucose uptake
- Supports hormonal function
- Enhances detoxification process
- Promotes energy

A synergy of all-natural native strains of rice processed into a complex formulation.

360 Probiotics

Restore Your Body to Its Natural Balance

The Good Bacteria Your Body Needs

Studies show that most North Americans have less than half the amount of good bacteria needed for optimal health. That's because dietary and lifestyle factors destroy those bacteria. Those factors include:

- Stress and lack of sleep
- Prescription medications
- Digestive aids
- Sugar
- Carbonated beverages

As these factors deplete the good bacteria in the bowel, the body becomes vulnerable to numerous diseases. Probiotics assist in restoring the body to its natural state of balance, with enough good bacteria necessary to boost the body's immune system and defend the body against toxins, bacteria, and allergens. It does so by re-colonizing the gastrointestinal tract with lactobacillus and bifidobacteria and helping control the growth of various forms of bacterial and fungal infections, including yeast infections.

Assist in restoring the body to its natural state of balance.

LACTOBACILLI AND BIFIDOBACTERIA WHAT ARE THEY?

Lactobacilli are bacteria that normally live in the small intestine and vagina. Lactobacillus acidophilus produces vitamin K, lactase, and anti-microbial substances.

Bifidobacteria are a group of bacteria that normally live in the intestines. Bifidobacteria is taken to restore 'good bacteria' in the gut that have been killed or removed by diarrhea, radiation, chemotherapy, antibiotics, or other causes. These bacteria are also used to boost the immune system and maintain healthy cholesterol levels.

360 Omega 3

A Highly-Concentrated, Essential Fatty Acid Supplement

Free Range Fish from the Pristine Waters of the South Pacific

You won't find a finer fish oil than 360 Omega-3. A highly concentrated dietary supplement, 360 Omega-3 contains more beneficial EPA and DHA oils than many other fish oils on the market. And, unlike other fish oils, 360 Omega-3 comes only from free-range ocean fish; never from farm-fed fish that could be exposed to toxins and antibiotics.

Omega-3 fatty acids have been shown to boost mental vitality, enhance circulation, and increase energy. Even more important is its possible benefits to heart health. With heart disease being the number one killer in America, experts have urged people to add omega-3 fatty acids to their diets. Supportive but not conclusive research show that consumption of EPA and DHA omega-3 fatty acids may reduce the risk of coronary heart disease.

Unfortunately, boosting your intake of essential fatty acids with diet alone can be expensive and time-consuming. Many health experts recommend eating at least three to four servings per week of cold-water fish that are high in essential fatty acids, such as sardines, anchovies and mackerel. If, like most people, that's not your usual diet, consider taking this 360 Omega-3 supplement!

360 OMEGA-3 IS:

- drug and hormone-free
- micro-filtered for the lowest mercury levels and minimal pollutants
- derived only from free-range, deep-ocean fish from the Pacific
- up to twice as concentrated as other fish oils in healthy EPA and DHA

BENEFITS OF 360 OMEGA-3

- Improves heart health
- Lowers healthy blood pressure
- Increases mental vitality
- Enhances circulation
- Boosts energy
- Reduces minor inflammation
- Prevents premature aging
- Promotes healthy skin

360 Ellagic Acid

The Super-Antioxidant for Superior Cell Protection

Fresh Red Raspberries Are the Key

Free radicals are atoms, or groups of atoms, with an odd (unpaired) number of electrons that can be formed when oxygen interacts with certain molecules in the body. Once formed, these highly reactive species can start a chain reaction – a domino-like effect – creating more and more free radicals.

The effect of these free radicals on DNA and cell membranes can include impeded cell function and even cell death.

Fortunately, the body has a defense against free radical damage – antioxidants. Antioxidants are molecules that can safely interact with free radicals and terminate the chain reaction before vital molecules are damaged.

Ellagic acid is present in many red fruits and berries, including strawberries, blackberries, cranberries, pomegranate and some nuts. However, raspberries rank near the top of all fruits for antioxidant strength, particularly due to their dense contents of ellagic acid. These plants produce ellagic acid to protect themselves from microbiological infection and pests. When you eat the fruit, you also gain these benefits and more.

360 Ellagic Acid is a super-antioxidant. It combats the biological damage caused by free radicals. By adding one daily serving to your diet, you will receive more ellagic acid than you would get from eating 1 ½ cups of fresh, red raspberries.

Combat the biological damage caused by free radicals!

360 Daily Nutrients

All the Nutrients Your Body Craves

The Benefit of Whole Food Nutrients!

LiveSmart 360 designed Daily Nutrients with you and your family in mind. Daily Nutrients contain the most absorbable form of nine of the supplemental minerals that research shows to be in serious short supply in our diets, yet are necessary for optimal health. This daily multivitamin is a must-have supplement for anyone who is not eating their recommended amount of fruits and vegetables.

being, causing us to age prematurely, have more ailments, recover less rapidly and suffer with countless conditions of ill health. The body can only use and benefit from certain forms of nutrients: whole food vitamins, and patented amino acid chelated minerals. Now you have the best source for both in one supplement, as well as enzymes to increase absorption.

In addition to the nine essential minerals, this power-packed product contains 12 more essential nutrients, and LiveSmart 360's proprietary whole food blend of more than 30 ingredients, PLUS an additional whole food blend of carrots, broccoli, spinach, tomato, sea kale, quinoa sprouts, acerola cherry, black currant, elderberry, sea buckhorn, and kiwi. This product was specifically designed to move you to optimal health.

Daily Nutrients is formulated to be of the highest nutrient value possible, all combined into a capsule for convenience. With Daily Nutrients, LiveSmart 360 uses the highest quality ingredients available. Due to this, you receive all of the benefits of eating the actual food when consuming the vegetarian capsule.

LIKE NATURE MAKES

Nature originally provided us with the essentials of life. However, research proves that current farming methods and today's methods of food production and preparation deplete our foods of life-generating vitamins and minerals. Stress, pollution and environmental factors further deplete the nutrients needed for healthy living. Even minor nutrient deficiencies can affect health and well

Three Sixty Gum

Sugar Free Gum With Xylitol

All-Natural Xylitol for Safe, Effective Dental Care

Your smile is often the first thing people notice about you. But taking care of your teeth and gums isn't just a cosmetic concern – it's a key part of a healthy lifestyle. Introducing LiveSmart 360's Gum

THREE SIXTY GUM WITH XYLITOL

Since childhood, we have all been told how important it is to take care of our teeth. Brush, floss, and visit the dentist regularly. Now you can do more to protect yourself and your family against tooth decay, plaque, and gum disease by choosing all-natural Three Sixty Gum with Xylitol. This sugar-free chewing gum works-together throughout the day to promote a clean, healthy mouth that not only looks good, but feels good, too.

Three Sixty Gum

Sharp Spearmint
Ahhh – the cool taste of spearmint. Not only is it refreshing, it leaves your mouth and digestive system feeling clean.

Peppermint Chill
Oohh – the chill of peppermint. Peppermint is used for many conditions, but is most well known for supporting a healthy digestive system.

Spicy Cinnamon
Mmmm – the warm feel of cinnamon! The fragrant, sweet, hot herb has a long history as a great spice, and as a health supplement.

Benefits of Xylitol:

- Does not promote tooth decay
- Decreases dental plaque
- Remineralizes teeth

ALL-NATURAL XYLITOL FOR SAFE, EFFECTIVE DENTAL CARE

Xylitol is a natural sweetener found in fibrous fruits and vegetables, birch trees, and various other hardwood trees. Dentists worldwide recommend Xylitol to help with tooth decay the natural way. Xylitol is naturally produced in the human and animal metabolism and also in the metabolism of several plants and microorganisms.

THREE SIXTY GUM

Chewing sugar-free Three Sixty Gum does not promote tooth decay, reduces gingivitis, and decreases dental plaque. The key is dentist-recommended Xylitol, an all-natural sweetener used as a safe, effective defense against cavities. Choose peppermint, spearmint or cinnamon flavor to moisten the mouth and freshen your breath.
